Bachelor of Science
Global Management and Applied Leadership Program
120 Hours Required

Program Description

The Bachelor of Science Degree in Global Management and Applied Leadership Program (GML) is an accelerated degree-completion program (18-24 months not excluding the core courses) that provides the skills and knowledge. The program provides a strong foundation in core management principles with an emphasis on leadership development, global commerce, cross cultural communication and team-building qualitative reasoning. The coursework will provide a strong foundation in management principles with an emphasis on leadership development in the global workplace. Students will be introduced to the constructs and practices to increase their efficiency and effectiveness in the changing roles of government, nonprofits, and for-profit companies. They will learn how organizations balance in the pursuit of profitability while considering the impact of demographics, religion, policy (both American and foreign), and environment. The power of globalization, the interdependence of national and regional market-makers, and the global economy will be studied in detail. The program will consist of developing activities
